

# FracTUR

Petroleum (etc)

Our team at the Frac School invites you to attend the fifth annual Fracturing Technology User Roundtable (FracTUR) to be held at the Kingston Plantation-Hilton Hotel in Myrtle Beach, South Carolina. This conference is structured for the practicing production, reservoir, or operations engineer who is interested in the latest fracturing technologies.

In recent years, hydraulic fracturing has emerged as a vital technology enabling the development of new domestic gas and oil reserves. FracTUR is an event developed to focus attention on the application of new fracturing technology with the goal of fostering interaction between oil and gas operators, technology suppliers, and researchers.

This year's roundtable will be held on October 4 and 5 and will include a keynote address from John Ely: 'Controversial Aspects of Fracture Stimulation of Shales. What is the answer?'

This year the roundtable will focus on:  
Fracturing Horizontal Wells

Join us in  
**Myrtle Beach**  
**South Carolina**  
**October 4-5**  
**Kingston Plantation**

Please email, fax, or mail this form with payment to the below address. The registration fee includes lunch and class materials. All other meals, hotel accommodations, and other incidental costs are not included.

Mailing Address:  
PetroleumETC  
1511 S. Texas Ave., PMB 101  
College Station, TX 77840  
Fax: (979) 268-8718  
Email: [accounting@petroleumetc.com](mailto:accounting@petroleumetc.com)

A cancellation fee of 100 USD will be assessed for registrations canceled more than 30 days prior to the event. If a registration is canceled within 30 days of the event no credit will be issued. You may, however, substitute another attendee from your company to attend in your place.
